

ROYO MACHINERY

Name : RSFL-C Series Manual Flute Laminating Machine

The sheets are fed by two labors.

With flexible front positioning which avoid bottom sheet exceeding the top sheet and adjustable fore-and-aft lamination between bottom sheet and top sheet.

Features: Suitable for lamination of paperboard to paperboard, and paperboard to A/B/C/D/E flute corrugated cardboard. Movable pressing part is alternative for lamination of corrugated cardboard thicker than Flute-B. Pressure-adjustable pressing part is alternative for lamination of paperboard to paperboard.

Technical parameters:

Model	RSFL-C-1000	RSFL-C-1300	RSFL-C-1450
Max sheet size(mm)	1000×1100	1300×1100	1450×1100
Min sheet size(mm)	320×450	320×450	320×450
Total Power(kw)	6	6	6
Speed(m/min)	0-60	0-60	0-60
Weight(t)	2.1	2.5	2.9
Measurement(mm)	7065×1570	7065×1870	7065×2100
